Morphy Lake Fishing Area

In Mora County, northwest of the village of Ledoux, Morphy Lake aesthetically is one of the best in the Canadian River watershed. A 50-acre lake situated in a bowl-shaped basin, it is surrounded by dense pines growing to near the water's edge.

Morphy Lake, stocked with fingerlings and keeper-sized rainbows, is well worth the trip over a rough road that climbs steeply before dropping off into Morphy's basin.
