

## NEW MEXICO DEPARTMENT OF GAME AND FISH EPLUS SCR LANDOWNER LIST - 2019 HUNTING SEASON

**The following ranches have been issued private land elk authorizations for deeded acres enrolled in EPLUS within the Primary Management Zone, which may be bartered, sold, or traded to hunters.**

### **This list contains the results for the Small Contributing Ranch (SCR) draw.**

This list is provided as a courtesy of the Department of Game and Fish. Any arrangements for the authorizations are considered a private matter. The Department is not a party to these communications, will not act as a go-between, and is not responsible for resolving disputes. Please be sure the terms and conditions for all arrangements and contractual obligations are clear to all parties involved.

For information on how to purchase a private land elk license using an authorization, please read the "EPLUS License Purchase Instructions" form available in the Quick File Links section on the Elk Private lands webpage, under the Hunting Menu, on the Department's website at [www.wildlife.state.nm.us](http://www.wildlife.state.nm.us).

Maps for all unit-wide ranches registered for the current hunting season will be available on the Elk Private Lands webpage in early August. A map of the new Elk Zone Boundaries is also available on the same webpage.

Key:

**RO (Ranch-Only)** - Elk licenses will only be valid for hunting on the private deeded property within the ranch boundaries. Authorizations issued for GMUs 4 and 5A are ranch-only; however, they may also be used on other private lands within the same GMU with written permission.

**UW (Unit-Wide)** - Elk licenses will be valid within the entire GMU for use on all private unit-wide ranches and any legally accessible public lands where hunting is allowed. If vehicular access is restricted on a unit-wide ranch then it must be equally restricted to all elk hunters throughout all public elk hunt periods.
