Improved Access to Public Land

	Up to \$0.50/acre of public land to which access is improved
Right-of-way access must be provided to public lands where access is limited or precluded. Acreage considered for payment is based on the number of public land acres made more accessible from the right-of-way lease. The per acre rate is determined based on access quality and game availability as determined by NMDGF evaluation.	

For more information call (505) 476-8043 or (888) 248-6866 or visit www.wildlife.state.nm.us.

All rates are subject to change without notice. Participation in the Open Gate program is voluntary and enrollment is contingent on the annual availability of funds. Access Agreements (leases) are subject to consideration of access rights granted by the landowner and payment is contingent upon having granted access to licensed sportspersons during the designated hunting season in the year for which the payment is claimed.
