

TRAPPING BAN

**New Mexico Department of Game and
Fish**

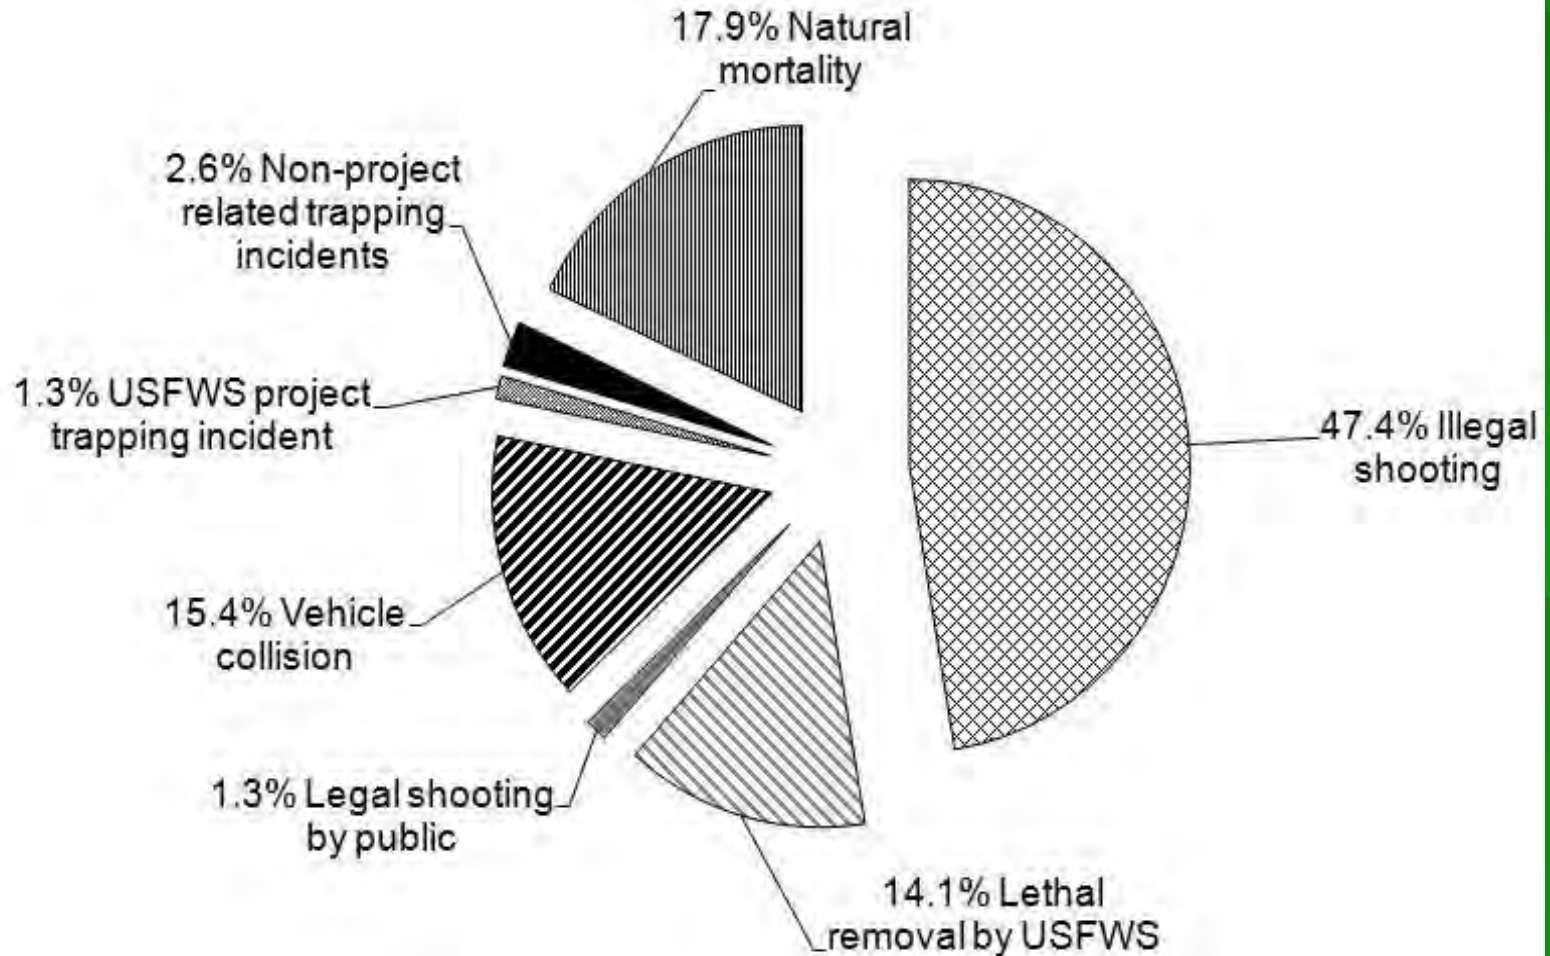

State Game Commission Meeting

July 21, 2011

Clayton, NM

- USGS study – Regulated furbearer trapping in NM does not have a _____ population level impact on the Mexican grey wolf.

Known sources of mortality for Mexican wolves ($n = 78$) in Arizona and New Mexico, 1998 – 2010

- Recommendation to eliminate the furbearer trapping ban in the Gila and Apache National Forests.
