

Prairie Chicken Wildlife Areas

Location: The Prairie Chicken Wildlife Areas are located in various parcels about 25 miles southeast of Portales.

Total Acreage: More than 21,621 acres.

Purchase: The Prairie Chicken Areas were purchased beginning in 1940 to provide habitat for the preservation and restoration of the lesser prairie chicken.

Description: The properties are scattered over the grasslands of south-eastern New Mexico. Common plants in the sand hills include tall and short grass species and shinnery oak.

For More information: More information about hunting, fishing and other activities, may be found on the Department's website: www.wildlife.state.nm.us/.
