Result	Meaning
Detected	Positive CWD result
Not Detected	Negative CWD result
No Sample Received	A sample was not received by NMDGF or the lab; this may be due to trauma to the specimen during harvest, integrity of the specimen, or sampling error.
Location	No CWD detected in the sample; however, the specific brainstem structure required for a valid negative result is missing.
Unsuitable	Sample was too degraded for testing. This may be due to extreme temperatures (freezing or heat exposure) or time between harvest and sampling.
