New Mexico Department of Game and Fish

Conserving New Mexico's Wildlife for Future Generations

Donate part of your state tax refund to Support New Mexico's Wildlife!

Donations can be made on PIT-D line 2

1.	Overpayment amount from Form PIT-1, line 39	1
2.	**SHARE WITH WILDLIFE Contribution** to assist non-game or endangered species	2

The **Share with Wildlife** program at New Mexico Department of Game and Fish helps species that do not receive funding from any other source. The program funds projects that involve wildlife-focused **research, education, habitat enhancement**, and **rehabilitation** activities. Examples of projects funded through **Share with Wildlife** include wildlife species surveys, K-12 educational programs, and wildlife rehabilitation facilities that help to care for and heal sick and injured wildlife.

Share with Wildlife depends on tax-deductible donations from the public. The program matches these donations with federal funds to maximize its support of New Mexico's wildlife. Contact Ginny Seamster (virginia.seamster@state.nm.us) or visit www.wildlife.state.nm.us/conservation/share-with-wildlife/ for more information about the **Share with Wildlife** program.

Share with Wildlife

Thank you – our state's wildlife depends on you!
