Share with Wildlife 2019 Final Report

Wildlife Rehabilitation Hospital

In the period from January 1, 2019 to December 31, 2019, New Mexico Wildlife Center admitted 697 animals to our wildlife rehabilitation hospital. The attached document contains a complete list of species, date admitted, reason for admission, and disposition. There are 15 animals that were held over from 2019 into 2020. Patients of note include a young male elk and four bobcat kittens, all of whom are due for release this month (January 2020).

Our Hospital was staffed by two full-time Certified Wildlife Rehabilitators, Haley Sharpe and Hilary DeVries. They supervised volunteers in the program throughout the year and five summer interns. They were assisted by two professional veterinarians, Dr. Sarah Sirica (Thaw Veterinary Clinic, Santa Fe) and Dr. Julie Breer (Smith Veterinary Hospital, Santa Fe). Dr. Sirica and Dr. Breer were the primary medical staff for all patients treated in the hospital, overseeing their diagnosis and treatment protocols. Dr. Sirica performed surgeries as warranted, mostly to repair clean fractures. Both veterinarians treated animals both onsite and in their clinics and were on call for consultation with our staff nearly 24/7.

This was our second full year of using an online database, Wildlife Rehabilitation MD (WRMD), and we have seen great benefit in our record-keeping and ability to analyze data. WRMD also allows us to share medical records easily when animals are transferred to other centers and rehabilitators who use the system (and many in New Mexico do). We do feel it has been under-utilized in our state for this purpose.

As members of the community bring injured wildlife to our facility for rehabilitation, we are in a unique position to provide education about wildlife in our state. Our staff spoke to each rescuer

about the injuries suffered by the animal they found, including how to prevent such injuries in the future. We also fielded well over 600 phone calls from people in New Mexico who had questions about wildlife around their homes.

Next year holds exciting advances in our hospital as we have recently received a grant to upgrade many pieces of our hospital equipment. New incubators and a blood chemistry machine are among the new equipment funded and will enable us to treat our patients even more efficiently and effectively.

Wildlife & Science Education

In the period from January 1, 2019 to December 31, 2019, New Mexico Wildlife Center staff and volunteers presented 127 wildlife education programs (including meet & greet events) to approximately 7,678 children and adults in New Mexico. The vast majority of these were for school-aged children, but we presented a few programs for adult and college-level groups as well.

Wildlife education programs at NMWC vary based on age group, but each program allows the audience to see animals from New Mexico up close. Meeting our Ambassador Animals fosters a connection between the audience and wildlife that would be impossible otherwise.

All of our wildlife education programs raise awareness about the value and importance of wildlife and ways of conserving both wildlife and their habitats. Additionally, they foster a connection to wildlife and nature that empowers and encourages people to take action to help wildlife and to simply enjoy the outdoors.

The Animal Ambassadors participating in these programs are housed on-site at New Mexico Wildlife Center and provide an educational opportunity for visitors to the center. In 2019, approximately 2,400 people came through NMWC to complete the self-guided tour of our Ambassador Animal displays. We also hosted a few educational events for families during the year:

- Wildlife Hospital Open House (February) – 125 people attended
- World Migratory Bird Day (May) – 60 people attended
- Kids and Family Day (August) – 81 people attended
- Annual Open House (October) – 316 people attended
- Camera Day (November) – 25 people attended

Total visitation at these onsite events was 582.

Another education opportunity at New Mexico Wildlife Center in 2019 was “Animal Encounters.” Between Memorial Day and Labor Day, visitors to NMWC had the chance to meet one of our Animal Ambassadors up close and learn about its behavior, natural history, and how we care for it at NMWC. These were held every hour on the hour from 10 am to 3 pm. Over the summer we had a total of 253 Animal Encounters for 1,286 visitors.

Two week-long summer camps also were led in 2019 by NMWC staff. Our “Nature Explorers” camp took place both on and offsite at various nearby parks, including Santa Fe National Forest and Randall Davey Audubon Center, while our “Wildlife Explorers” camp took place entirely at NMWC. We had a total of 14 children attend these camps, learning about wildlife, birdwatching, and the natural history of New Mexico.

River Classroom, our unique science education program, continued in spring and fall of 2019 as well. These programs were led by Alex Patia. He met with three classrooms of students from two schools in Rio Arriba County twice each month during the fall and two classes from one school during the spring. A total of 77 students participated in River Classroom in 2019.

During 2019, NMWC acquired a few new Animal Ambassadors for use in wildlife education programs and display at the Center. These included a coyote, a raccoon, a gray fox, a burrowing owl, a red-tailed hawk, and a barred tiger salamander. The coyote and raccoon were confiscated by NM Department of Game and Fish after being held illegally by a resident in the state.

NMWC Education Animal Curator, Shawna Protze, is responsible for the daily husbandry of these animals. Shawna is a licensed falconer and trains our Animal Ambassadors with the assistance of two other Education Staff members, Executive Director, Melissa Moore, and a number of volunteers.

Alex Patia is NMWC’s Education & Outreach Manager. Alex holds a Master’s degree in Environmental Education and has worked in the field since 2006. Jarrod Klopp is our Education Coordinator and has a Bachelor’s degree in both Biology and Psychology, as well as a Certificate in Environmental Education and Sustainability.

Case #	Species	Sex	Origin Date / City	Nature of Injury	Condition Upon Receipt	Treatment	Disposition / Date / Location
19-1	Northern Flicker	Female	Jan 2, 2019 Santa Fe	Trapped in house	not-standing, hypothermic, critical	Placed in incubator to warm up. Needs further exam once stable.	Died Jan 2, 2019 Espanola NM United States
19-2	House Sparrow	Female	Jan 5, 2019 Dulce	unknown injury	fracture at the right metacarpal, right leg dead below the knee	euthanized on arrival	Euthanized Jan 5, 2019 Espanola NM United States
19-3	Rock Squirrel	Unknown	Jan 5, 2019 Velarde	unknown injury	Right eye covered in very large scab, fleas	metacam 1.5 mg/ml 0.1cc PO SID q 4 days, Tobramycin drop OD, flushed both eyes with saline	Died Jan 6, 2019 NM United States
19-4	Golden Eagle	Male	Jan 11, 2019 Tres Piedras	HBC	compound fracture to the left metacarpal, no deep pain in either foot	took to Smith Vet for euthansia	Euthanized Jan 11, 2019 Santa Fe NM United States
19-5	Deer Mouse	Unknown	Jan 13, 2019 Santa Fe	Unknown BAR	DOA	n/a	Dead on arrival Jan 13, 2019 NM United States
19-6	Deer Mouse	Female	Jan 13, 2019 Santa Fe	Unknown BAR	Eyes closed baby. hypothermic	Placed in warming cage. Gave 0.1ml H2O via syringe/nipple	Died Jan 14, 2019 NM United States

Case #	Species	Sex	Origin Date / City	Nature of Injury	Condition Upon Receipt	Treatment	Disposition / Date / Location
19-7	Greater Roadrunner	Unknown	Jan 14, 2019 La Mesilla	Unknown Inj	diminished deep pain reflex in both legs	Placed in cage on heating pad. Fluids SQ. X-ray tomorrow once more stable.	Died Jan 15, 2019 NM United States
19-8	Starling	Male	Jan 15, 2019 White Rock	Window	head tilt to the left, nystagmus present, unsteady on feet	metacam, placed in soft sided cage to de-stress	Died Jan 18, 2019 Espanola NM United States
19-9	House Finch	Male	Jan 17, 2019 Santa Fe	Ill	OS swollen, serous discharge present-probable conjunctivitis	Flushed OU with saline, tobramycin drop OS	Died Jan 17, 2019 NM United States
19-10	Eurasian Collared-dove	Unknown	Jan 17, 2019 Santa Fe	unknown injury	wrist fracture felt old, felt fresh radius fracture mid-shaft, open wound exposing muscle on right abdomen	ethanized on arrival	Euthanized Jan 17, 2019 Espanola NM United States
19-11	Fence Lizard	Unknown	Jan 18, 2019 Tesuque	other: in shower	NSF	set up in glass tank with UVB lightbulb	Released Apr 7, 2019 Tesuque NM United States
19-12	Cooper's Hawk	Male	Jan 22, 2019 Espanola	shot	not using either leg but deep pain present	metacam 1.5 mg/mL 0.15cc PO BID, x-ray: gun shot pellet present in neck.	Died Jan 27, 2019 NM United States
19-13	Pygmy Owl	Unknown	Jan 26, 2019 Ranchos de Taos	unknown injury	left elbow fracture-probable	metacam 1.5 mg/mL 0.04cc PO BID	Euthanized Feb 3, 2019 NM United States
19-14	Curve-billed Thrasher	Unknown	Jan 31, 2019 Santa Fe	Unknown Inj	OD serous discharge and swollen. Dull attitude. Healthy weight.	Metacam, flushed eye with saline, tobramycin drop OD, set up in soft sided cage.	Died Feb 1, 2019 Espanola NM United States

Case #	Species	Sex	Origin Date / City	Nature of Injury	Condition Upon Receipt	Treatment	Disposition / Date / Location
19-15	House Finch	Male	Feb 3, 2019 Santa Fe	Other: Illness	OU swollen and crusted shut, thin.	Flushed eyes with saline, began metacam SID, tobramycin drop OU TID, set up in soft sided cage on heating pad.	Released Feb 24, 2019 Santa Fe NM United States
19-16	Common Raven	Unknown	Feb 5, 2019 Santa Fe	unknown injury	old fractures to the right elbow and wrist	euthanized on arrival	Euthanized Feb 5, 2019 Espanola NM United States
19-17	House Finch	Male	Feb 7, 2019 Arroyo Seco	window	OS extremely swollen and hard to the touch	flushed eye and tried to soften scab	Euthanized Feb 7, 2019 Espanola NM United States
19-18	Striped Skunk	Male	Feb 8, 2019 Espanola	HBC-probable	left back leg has possible fracture	wrapped in blanket in carrier, metacam1.5 mg/mL 1.21cc PO SID	Euthanized Feb 8, 2019 Santa Fe NM United States
19-19	Eurasian Collared-dove	Unknown	Feb 9, 2019 Santa Fe	unknown injury	left shoulder/wrist and pelvic fracture	euthanize on arrival	Euthanized Feb 9, 2019 Espanola NM United States
19-20	Cedar Waxwing	Unknown	Feb 9, 2019 Santa Fe	cat	Fracture to right tibiotarsus, midshaft.	needs rads, placed in cage to de-stress before x-ray.	Died Feb 10, 2019 NM United States
19-21	American Robin	Male	Feb 13, 2019 Santa Fe	Window	Minor head trauma from window strike	Metacam, placed in soft sided cage	Released Mar 22, 2019 Santa Fe NM United States
19-22	American Robin	Unknown	Feb 14, 2019 Santa Fe	Unknown Inj	Right shoulder injury, possible fx	metacam, xray	Euthanized Feb 19, 2019 Espanola NM United States

Case #	Species	Sex	Origin Date / City	Nature of Injury	Condition Upon Receipt	Treatment	Disposition / Date / Location
19-23	Unidentified Box Turtle	Female	Feb 15, 2019 Medanales	ex pet	overall good health, ex pet	set up in terrarium, soaked in water	Transferred Jun 14, 2019 Albuquerque NM United States
19-24	Common Raven	Unknown	Feb 18, 2019 Albuquerque	Shot	Shot with pellet, old injury to left foot.	X-ray: pellet present in left shoulder.	Released Jul 3, 2019 La Ceinega NM United States
19-25	Red-tailed Hawk	Unknown	Feb 20, 2019 White Rock	unknown injury	Left wing dead from elbow to tip	Euthanized on arrival	Euthanized Feb 20, 2019 Espanola NM United States
19-26	Hairy Woodpecker	Female	Mar 1, 2019 Angel Fire	window	Head Trauma	metacam 0.5 mg/mL 0.1cc PO BID, heat/fluid therapy	Died Mar 2, 2019 NM United States
19-27	Rock Dove	Unknown	Mar 5, 2019 Espanola	unknown injury	emaciated, possible trich	metacam 1.5 mg/mL 0.06cc PO BID, heat/fluid therapy	Died Mar 5, 2019 Espanola NM United States
19-28	Common Raven	Unknown	Mar 5, 2019 Taos	unknown injury	not using either leg, keel sores forming	heat therapy	Died Mar 6, 2019 Espanola NM United States
19-29	Great Horned Owl	Unknown	Mar 6, 2019 Santa Fe	unknown injury	compound fracture along left humerus- bone dead	euthanized on arrival	Euthanized Mar 6, 2019 Espanola NM United States
19-30	Cedar Waxwing	Unknown	Mar 6, 2019 Santa Fe	unknown injury	blood in mouth	metacam 0.5 mg/mL 0.03cc PO BID	Died Mar 9, 2019 Espanola NM United States

Case #	Species	Sex	Origin Date / City	Nature of Injury	Condition Upon Receipt	Treatment	Disposition / Date / Location
