History

- Late 1990's Oryx Depredations.
- 2001 gates closed and locked.
- Agreement was made between BLM and the landowners for access. (Sign and phone number posted).
- Landowners received calls from the general public to obtain permission to cross their private property to gain access to both BLM and State Land.

History

- Summer of 2011.
- Several areas in the SE area were recognized as having large blocks of public land that the public did not have general access to.
- Carrizozo/Malpais area.
- Current BLM and Lincoln County resources plan (expand access).
- Meetings with the landowners in the proposed area. Lots of ideas/discussions took place.

New Agreement

- June 2012 BLM and Landowners began working out a new agreement.
- A BLM phone number and web address will be provided to the public to obtain access.
- BLM personnel will gather information from the public and issue a permit.
- 30 days
- The permit information will be turned over to the landowners via the internet.

New Agreement

- Not all the details have been worked out, but it looks very promising.
- Begin - 2012 Hunting seasons

Questions?
